Quantum for Corn SDS

CORN FUNGICIDE APPLICATION AID

All the benefits of **Quantum 30L** but with additional Iron (Fe), Zinc (Zn) and Manganese (Mn).

Your soil and plants are in permanent competition for nutrients. Achieving proper nutrient balance through the root system alone is very difficult. **Quantum for Corn** provides a micronutrient package based on uptake and foliar efficiency factors formulated in the right ratio to meet your crop's nutrient demands.

To aid in and improve corn yields, 2 applications are recommended.

1. **At V3-V8.** May be applied with herbicide program. Optimum performance acheived with earlier timing.
2. **At tassle (VT).**

Use Rate:
1-4 qts./acre
